

## Abstract submission

### Deadline: 1 September, 2010

All abstract submissions should preferably be sent to the congress secretariat by email (mpa2010@myeventsolution.com). Abstracts can also be sent on a floppy disk or CD to the congress secretariat.

## Call For ABSTRACT

### Abstract Instruction

#### PLEASE READ THESE THOROUGHLY BEFORE PREPARING YOUR ABSTRACT:

1. Abstract must be submitted in the saved form of a Microsoft Word file. Only universal fonts should be used, such as Arial and Times New Roman. Abstract saved in a form of Picture or Clip file; such as Bitmap, JPEG and TIFF will not be accepted.
2. Entire abstract including title, author(s), location and text content must fit within the 11cm X 15cm rectangle. Do not leave any margin (top, right and bottom) within this rectangle.
3. Only abstracts written in English will be accepted.

**Title:** Use CAPITAL Letters with **Bold Face** for the title. Use of abbreviations are not allowed for the title.

**Author:** Start on a new line. Underline the name of the author who presents the paper. DO NOT include professional title or degrees.

**Affiliation:** Start on a new line. List any institutional affiliation, state and country. OMIT address and zip codes.

**Content:** Abstract must be in a single paragraph containing not more than 250 words.

Text should be typed using single spacing. Do not indent the title or any paragraph.

Abbreviation must be defined by placing it in parentheses after full word, the first time it appears.

#### **FOCUS ON PREVENTION AND VACCINES 2008**

Zabid Zabada, Hassan Hussin

Paediatric Dept., Paediatric Institute, Hospital Kuala Lumpur, Kuala Lumpur Malaysia.

**OBJECTIVE:** Seelook Looksee nolook nose seelook looksee nolook nose seelook looksee nolook nose seelook looksee.

**METHOD:** Injek potong jahit injek potong jahit injek potong jahit injek potong jahit injek potong jahit injek potong jahit.

**RESULTS:** Gotscar gotscared noscar notscared gotscar gotscared noscar notscared gotscar gotscared noscar notscared

**CONCLUSION:** Mass Casualty Situation (MCS) gotmoney gotscar nomoney noscar gotmoney gotscar nomoney.

Use numeral to represent number except when beginning a sentence.

Non-propriety (generic) name, written in lower-case letters, is required the first time a drug is mentioned. A propriety name is always in capital letters.

4. Simple table or graph (neat and in black ink) may be included if it fits within the reproduction form.
5. Abstract will appear exactly as submitted. Abstract with smudges, errors, misspellings, will require re-typing at the author's expense.
6. Any abstract that has been presented orally or as a poster at previous national or international meeting in this or any other society will not be considered eligible for presentation at this Congress.

**NO ABSTRACT WILL BE CONSIDERED FOR INCLUSION IN THE FINAL PROGRAMME (FREE PAPERS/YOUNG INVESTIGATOR AWARD) UNLESS ACCOMPANIED WITH COMPLETED REGISTRATION FORM AND FEE.**

## Plenaries

Nutrition and early childhood development  
H1N1: The Malaysian Experience  
New Genetics and its implication for paediatric practice  
Bill Marshall lecture

## Symposia

### Idiopathic nephrotic syndrome

- Genetics of nephrotic syndrome
- Current management
- Difficult to treat nephrotic

### Transport of the critically ill child

- Do we need a retrieval system?
- The Perak experience (MA and nurse-led)
- The Sabah experience (doctor-led)
- The ideal retrieval system
- Current plans for a retrieval system in Malaysia

### Growth and pubertal disorders

- Clinical approach to short stature: role of growth hormone
- Approach and management of pubertal delay
- Approach and management of precocious puberty
- Congenital hypothyroidism

### Common respiratory disorders in children

- Snoring in children: when to investigate
- Chronic cough in children: when to worry
- Recurrent wheeze in children: what could it be

### Gastroenterology problems

- Assessment of nutrition status in children
- Gastroesophageal reflux in infants and children
- Practice and malpractice in complementary feeding in early childhood
- Guidance on the role of special milk formulas

### Dental symposium 1

- Early childhood caries
- Dental management of children with medical problems
- Dento-facial trauma in children

### Dental symposium 2

- Gingivostomatitis and other gingival lesions in children
- Orofacial infections of dental origin

### Neurology

- Approach to the first unprovoked seizure
- Headache in children
- The child with an abnormal gait

### Cardiology

- Optimal management of heart failure in non-congenital heart defects
- Management of chronic rheumatic heart disease
- National congenital heart defect registry

### Genetic and metabolic problems

- The critically ill child: when to suspect a metabolic cause
- Referring a child with a suspected genetic syndrome: clues and challenges for the paediatrician
- Long term care and management of genetic and metabolic disorders: what role can the paediatrician play
- Medical ethics in paediatric genetics

### Voiding disorders

- Nocturnal enuresis
- Dysfunctional voiders: aetiology and assessment
- Neurogenic bladder: management

### Childhood diabetes

- Standard of care of diabetic patients, are we reaching the target?
- How to manage Type 1 DM?
- How to manage Type 2 DM?

### Paediatric ENT

- Paediatric upper airway challenges: Surgical Offers
- Management of External ear Anomalies; Congenital Microtia and Canal atresias
- Universal versus High Risk Neonatal hearing Screening: relevance to rehabilitation and cochlear implant
- Hearing rehabilitation in congenital hearing loss
